

1st EFORT Virtual Congress
Thursday 29 October 2020
09:00 - 12:00

Advanced Concepts In Total Knee Replacement

Painful Total Knee Replacement (09:00 - 10:00)	
Francesco Benazzo (Italy) and Roland Becker (Germany)	
Michael Hirschmann (Switzerland)	The Diagnostic Algorithm Of The Painful TKR
Enrique Gómez-Barrena (Spain)	Instability, Stiffness: How To Deal With It?
Andrea Baldini (Italy)	Malalignment
Carsten Perka (Germany)	Periprosthetic Fractures
Discussion	

Robotics And Assistive Technology In Knee Arthroplasty (10:00 - 11:00)	
Sébastien Parratte (France) and Reha Tandogan (Turkey)	
Nanne Kort (Netherlands)	Implementation Of Robotic Technology In Daily Practice
Michael Liebensteiner (Austria)	Is Our Practice Improved By Robots?
Andrew Price (UK)	Robots And UNI: No Surgery Without?
Fabio Catani (Italy)	Robots And TKR: Different Robots, Different Results?
Discussion	

Unicompartmental Knee Arthroplasty (11:00 - 12:00)	
Bruno Violante (Italy) and Philippe Neyret (France)	
Michael Clarius (Germany)	Indications For UNI Knee Replacement: What Is Changed?
Johannes Beckmann (Germany)	Bi-Compartmental Knee Replacement: Is It Feasible?
Francesco Benazzo (Italy)	Sensors And Apps: The New Frontiers Of Rehabilitation
Anders Troelsen (Denmark)	How Short Can Be A Short Stay In Hospital After Knee Replacement?
Discussion
